September 2005

Ready for Public Comment

BLM Lake Havasu Draft Resource Management Plan (DRMP) and Draft Environmental Impact Statement (DEIS)

The Bureau of Land Management Lake Havasu Field Office has announced the Draft RMP and Draft EIS will be available for review and a 90-day public comment period by late-September.

BLM has worked several years developing the DRMP and DEIS, which will replace numerous outdated federal management plans currently governing area public lands. Extensive coordination and consultation has occurred with multiple federal and state agencies, as well as tribal, county and local governments.

The DRMP and DEIS address the federal resources and 1.3 million acres of public land within the field office boundaries. The plans define current resources and use, and anticipate future needs of the area for the next decade and beyond.

DRMP and DEIS documents are very large, exceeding 800 pages. They may be reviewed in printed copy, electronically on CD, or on the BLM internet website.

Route Inventory Maps (scale 1:62k) will also be available and included on each CD. Printed copies of these maps are available upon request separate from the DRMP/DEIS documents.

To request a copy of the printed DRMP/DEIS, CD, or Route Inventory Maps, please contact the RMP Team Lead Gina Trafton, BLM Lake Havasu Field Office, 2610 Sweetwater Ave., Lake Havasu City AZ 86406. You may also place your request by calling BLM at 1-888-213-2582.

**All comments must be received
by the close of the 90-day comment period.**

2005 Public Meetings

BLM invites interested parties to discuss the DRMP/DEIS at any of the following public open house meetings:

Monday - October 24

10 am - 12 noon **Bouse**
